COLORCUTTER™ MARKERS WIN TWO “BEST OF SHOW” AWARDS

(Fort Lauderdale, FL) – Artists and art industry aficionados award two prestigious honors to ColorCutter™ Markers, the only markers that CUT as YOU DRAW!™, at NAMTA's Annual International Convention. In a rare show of delight attendees voted ColorCutter™ Markers the winner of not one but BOTH of NAMTA's coveted “**Best New**” awards. ColorCutter™ won “**Best New Product at Show**” and “**Best New Kids Product at Show**” awards at NAMTA 2003.

“Now people know ColorCutter™ Markers are a serious tool. You have fun using them and you can also create outstanding crafts and even fine art because the ink is a very high quality. It is rare to win one of NAMTA's “Best Of” awards but to win both is simply amazing! We love it”, said Perry Kaye, president of Gizmo Enterprises Inc. and the product's inventor. ColorCutter™ Markers are an innovative patented combination Marking and Cutting Tool and are manufactured in the USA by Gizmo Enterprises, Inc. ColorCutter™ Markers are a truly revolutionary art and craft tool, uniting a cutting blade and a marker to allow you to Cut As You Draw!™ and create perfect edges every time.

ColorCutter™ Markers come in an array of 12 acid free, non-toxic, pigmented, permanent ink colors including Ruby Red, Orange Delight, Sunshine Yellow, Glorious Green, True Blue, Purple Passion, Bold Brown, Black Beauty, and Neon Wink Pink, as well as Metallic Blue, Shimmering Silver and Glimmering Gold.

The rubber stamping community has gone wild with ColorCutter™ after seeing the fabulous card designs by Joyce Hazen at A Stamp in the Hand Co. According to Joyce, ColorCutter™ is “An excellent combination cutting and marker tool that is easy to use for

stamping projects. We love using it to make faux tile pieces on our stamped artwork. Make straight lines, curvy lines or little windows to enhance you artwork.” Now you are able to cut as you draw, creating colorful edges and dramatic designs for layout pages.
